

Bug Spray Authorization

At Lancaster Early Education Center, your child's health and safety is a top priority. In order to protect your child from bug bites, we will apply bug spray with parent permission.

Bug spray should be applied to your child at least once at home to test for any allergic reactions. Aerosol sprays are not permitted. Bug spray may not be used on infants under 6 months of age unless accompanied by a doctor's note.

All bug spray provided by a parent/guardian must be:

- Provided in the original container
- Clearly labeled with the child's full name and expiration date
- Appropriate for the age of the child
- Free of nut ingredients

Please sign below indicating your permission for LEEC staff to apply bug spray to your child.
