

Sunscreen Authorization

At Lancaster Early Education Center, your child's health and safety is a top priority. In order to protect your child from harmful UV rays, we will apply sunscreen with parent permission.

Sunscreen should be applied to your child at least once at home to test for any allergic reactions. Aerosol sprays are not permitted. Sunscreen/sun block must provide UVB and UVA protection with a SPF of 15 or higher. Sunscreen may not be used on infants under 6 months of age unless accompanied by a doctor's note.

All sunscreen/sun block provided by a parent/guardian must be:

- Provided in the original container
- Clearly labeled with the child's full name and expiration date
- Appropriate for the age of the child
- Free of nut ingredients

Please sign below indicating your permission for LEEC staff to apply sunscreen to your child when the weather condition is applicable.
